### 3. WPS Overview

The Wages Protection System (WPS) shall be implemented at the Central Bank of the UAE (CBUAE) to meet the desired objectives of the Ministry of Labour (MOL). The objective of WPS is to provide a Safe, secure, efficient and robust mechanism to streamline the timely payment of wages to employees by their employers.

The model adopted by CBUAE is one where information flows from the employer to one or more of the contracted agents for payment of the wages to their employees. Funds from the employers are secured by CBUAE prior to dispatching the wages information to the agents.

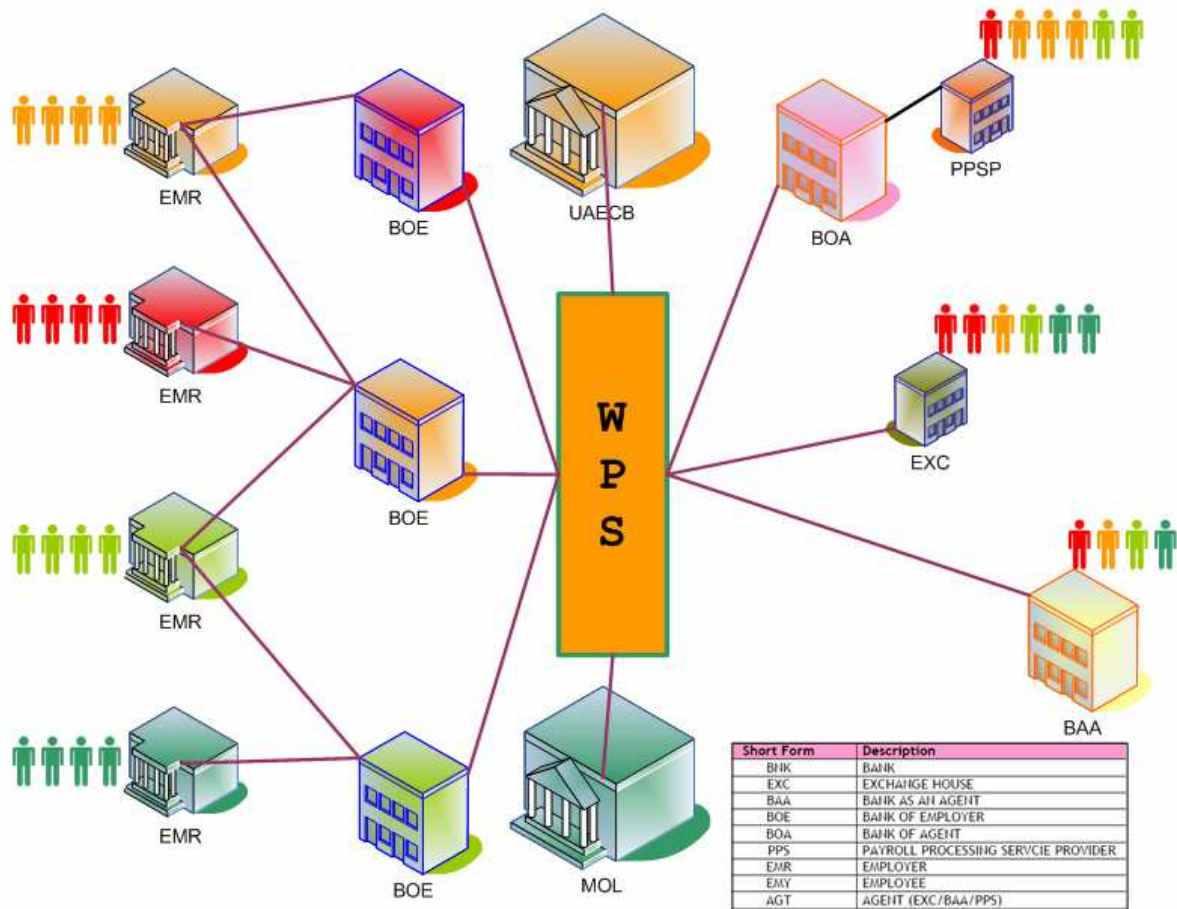

The system shall empower CBUAE, and thereby the MOL, with the functionality that would allow effective monitoring of the payment of wages by the employers to their respective employees. WPS shall provide the required functionality to:

- ✚ Record entities in an industry standard data base for future reporting and maintenance.
- ✚ Create “virtual” accounts for the required entities to facilitate the monitoring of fund flows.
- ✚ Accept fund transfer from the employer’s bank and onward transfer to the agents with balances maintained at employee level.
- ✚ Provide salary details pertaining to the employees to specific agents.
- ✚ Receive and process:
  - Receipt confirmations from agents against wages to be paid to employees.
  - Disbursement information provided by the agents against wages that the agents have paid out to the employees.
  - Refund requests from employers.
  - Refund responses from agents.
- ✚ Provide data feeds to MOL on a frequent basis to enable effective monitoring.

The sections below provide a complete overview of the WPS.

### 3.1. Generic Entity Relationship Pictorial

*Generic Entity Relationship Pictorial*

The pictorial above depicts the generic relationship that would exist between the various entities in WPS.

### 3.2. WPS Processing Cycle

WPS operates on the understanding that CBUAE, in consultation with MOL, shall define the standards and specifications for the different tasks and items to the various entities and it is the responsibility of the entities to conform to the prescribed set of regulations and be aware of both the individual and collective responsibilities.

The key steps in the complete cycle can be listed as

- ✚ Registration
- ✚ Funding of Wages (Salaries)
- ✚ Payment of Wages
- ✚ Refunds and Settlements, and

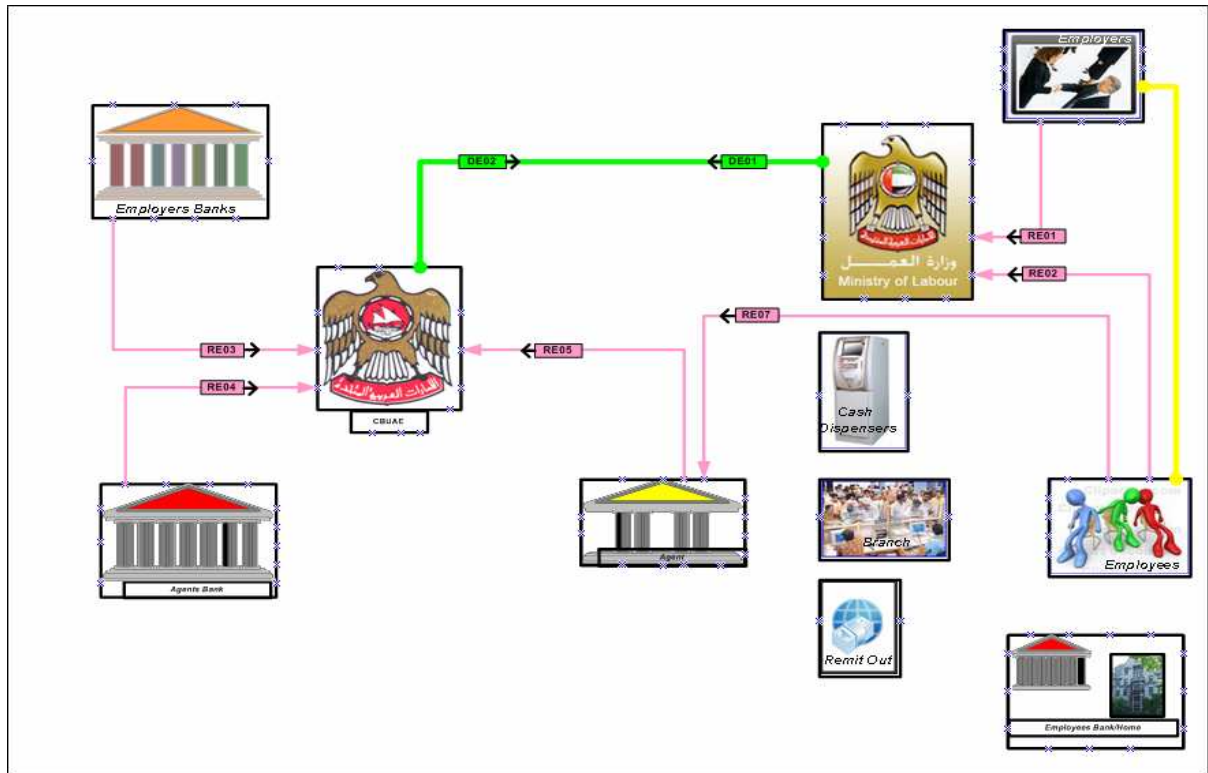

## Reporting

The following sub sections provide a brief insight into the above mentioned steps without getting into great detail.

### 3.2.1. Registration

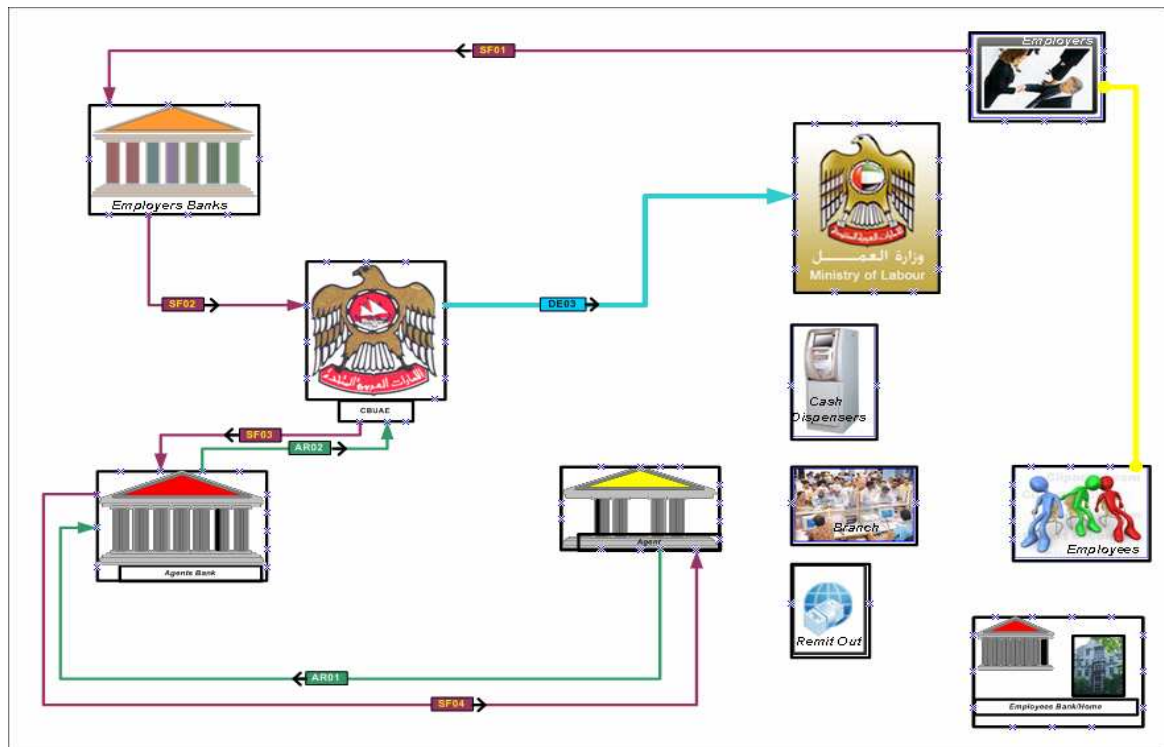

Registration of entities and/or persons is crucial to the system and lends itself to proper monitoring and dispute resolution.

- Employers are registered with MOL
- Employees are registered with MOL. Each employee is recorded under one employer.
- Banks are licensed by CBUAE
- Agents are licensed by CBUAE. Banks, Exchange Houses and other 3<sup>rd</sup> party service providers can be licensed as agents.
- Employees may opt to register for services with agents.
- Employers may also enter into an agreement with one or more agents for providing the required services to their employees.

## 3.2.2. Funding of Wages

- ✚ The employer generates a salary file containing wage information for the employees in the mandated format. This file is forwarded to their bank for onward delivery to WPS along with the debit authority for the total wages to be paid.
- ✚ The bank, receives the salary file, validates that the totals as indicated in the file conform to the debit authority from the employer. The bank will secure the funds by a debit the employer's account. The funds shall be credited to the account of CBUAE in the bank's books.
- ✚ Once the funds have been secured, the bank shall transfer the salary file to the WPS using prescribed means.
- ✚ The WPS, on receipt of the salary file shall validate the file for its content and shall provide an acknowledgement to the bank indicating acceptance or rejection of the salary file for further processing. Even if there is a single error then the complete file is rejected.
- ✚ If the salary file is accepted by the WPS, then the system shall secure the funds from the bank by passing a debit to the current account of the bank held at CBUAE. The corresponding credit shall be applied to the salary-payment-transit-account at CBUAE. If the salary file is rejected, then the bank will need to submit another file after correcting the errors as reported by WPS.

# Wages Protection System (WPS) Companies Responsibility Guide

Document Code: WPS-CRG01

- The salary file is split into as many payment files. One payment file will be made available to each unique agent as indicated by the employer in the salary file.

The figures below provide a pictorial view of the processing of salary information files from employers.

### Rejection of SIF with NAK

### Acceptance of SIF with Generation of ACK & PIFs

- Agents are required to download the payment information files provided to them and record them into their system. Agents must generate a confirmation to the WPS to acknowledge the receipt of the payment information files. If the receipt confirmation file is rejected, then the agent will need to submit another file after correcting the errors as reported by WPS.
- The WPS upon receipt of the confirmations from agents will make available the funds to the agent by passing a credit to the current account of the agent held at CBUAE. The corresponding debit shall be applied to the salary-payment-transit-account at CBUAE.

The figures below provide a pictorial view of the processing of the confirmation of receipt of the payment information files from agents.

# Wages Protection System (WPS) Companies Responsibility Guide

Document Code: WPS-CRG01

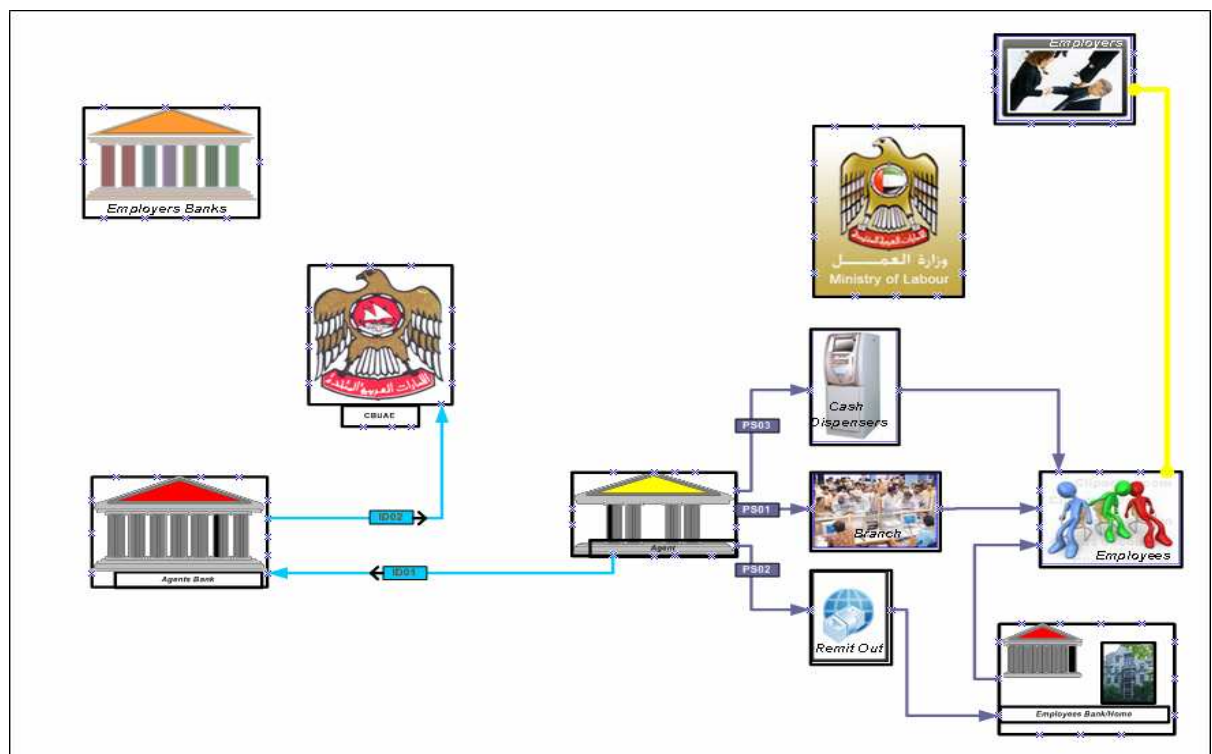

*Rejection of PRC with NAK*

*Acceptance of PRC with ACK*

### 3.2.3. Payment of Wages

- ✚ Agents shall use the information contained in the payment information files downloaded by them to effect the payment of wages to the employees identified in the payment file.
- ✚ At frequent intervals, the agents must provide the details of the disbursements (payments) made to the employees to the WPS in the format as mandated.

*Rejection of DIF with NAK*

*Acceptance of DIF with ACK*

- ✚ If the disbursement information has been sent out in error, then the agent may negate the effect by requesting the cancellation of the same.

*Rejection of DCR with NAK*

*Acceptance of DCR with ACK*

### 3.2.4. Refunds and Settlement

Refunds from agents will only be solicited based on requests from employers. It shall be the responsibility of the employers to initiate the refund request to the contracted agents.

- ✚ Employers will generate the request for refund providing all details as required and transfer the same to WPS via their bankers.

# Wages Protection System (WPS) Companies Responsibility Guide

Document Code: WPS-CRG01

- The WPS on receipt of the refund requests shall validate the file for its content and provides an acknowledgement to the bank of the employer indicating acceptance or rejection of the claim file for further processing.

### Rejection of RFR with NAK

- Information on all the refunds requested shall be made available to the individual agents, if the request is accepted by the WPS.
- If the request file is rejected, then the agent will need to submit another file after correcting the errors as reported by WPS.

### Acceptance of RFR with ACK and generation of RRI

- The agents shall either accept or reject the refund requests in the refund request response file. This file like others shall be generated and transferred to the WPS.
- The system will validate the file and shall reject the same for one or more reasons as may be applicable.

### Rejection of RRR with NAK

- ✚ The refund request response file if accepted is then forwarded to the bank of the employer in the form of RSU. The WPS will also generate appropriate accounting entries at this time.
- ✚ The accounting entries shall be limited to “CREDIT” the employer’s bank account with the corresponding “DEBIT” to the agents / agent’s bank account for the refunds accepted by the agent.

### Acceptance of RRR with ACK and generation of RSU

#### 3.2.5. Returns

Returns from agents will be accepted due to reasons as defined later. The returns from agents will be forwarded to the bank of the employer and it shall be the banks responsibility to post the credits back to the employers account.

- ✚ The agents shall provide the returns in the returns from agents file. This file like others shall be generated and transferred to the WPS.
- ✚ The system will validate the file and shall reject the same for one or more reasons as may be applicable.

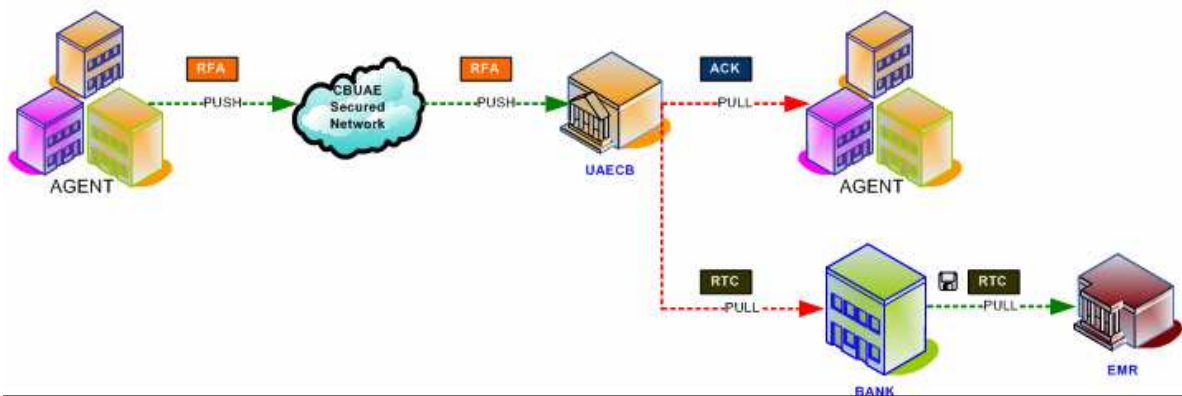

# Wages Protection System (WPS) Companies Responsibility Guide

Document Code: WPS-CRG01

## Rejection of RFA with NAK

- ✚ The returns file if accepted is then forwarded to the bank of the employer in the form of RTC. The WPS will also generate appropriate accounting entries at this time.
- ✚ The accounting entries shall be limited to "CREDIT" the employer's bank account with the corresponding "DEBIT" to the agents / agent's bank account for the refunds accepted by the agent.

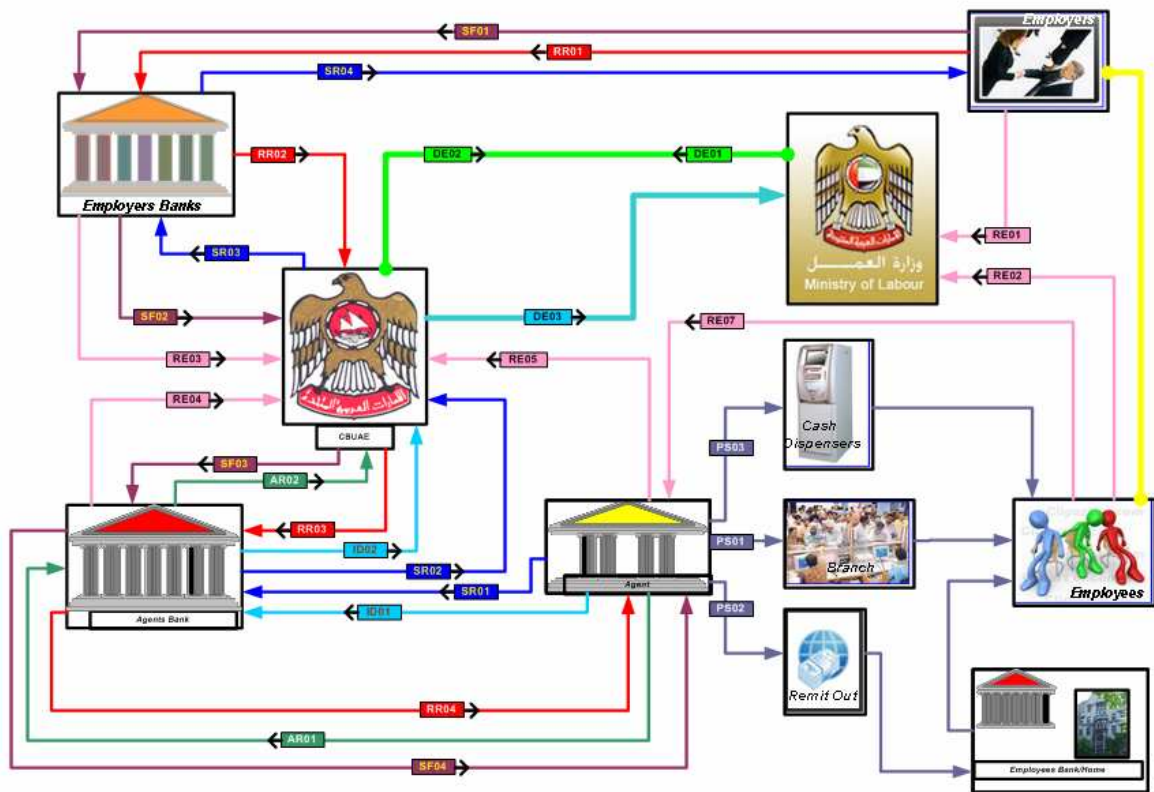

## Acceptance of RFA with ACK and generation of RTC

### 3.3. The complete picture

Process flow pictorial

## 4. Control & Procedures

### 4.1. WPS Entities

The following entities play a vital role in the functioning of the system.

#### + Employers

an employer in WPS is an entity employing one or more employees and duly registered with MOL. The “Establishment Id” as provided by the MOL shall uniquely identify each and every employer in the system.

#### + Employees

an employee in WPS is an individual under the employ of an employer. Every employee will be uniquely identified by the “Person Id” as provided by the MOL.

#### + Agents (Banks, Exchange Houses, Payroll processing service providers)

an agent is an entity that provides the service of paying/disbursing wages to the employees of an employer. Agents shall be registered with CBUAE and shall be uniquely identified by an “Agent Id”.

#### + Banks (of Employers, Payroll Service Providers)

a bank is an entity that is licensed by the CBUAE to provide financial services. Banks are uniquely identified by a “Bank Id”.

### 4.2. WPS Registration

Employers and employees shall be registered by MOL. Upon successful registration at MOL, data will be made available to CBUAE for use in WPS. Banks & agents will be licensed by CBUAE and relevant data shall be made available to MOL.

#### 4.2.1. Employers

- Licensed and regulated by the MOL.
- Shall be uniquely identified by an “Establishment Id”

#### 4.2.2. Employees

- Employed by a licensed employer.
- Shall be uniquely identified by a “Person Id”.

### 4.3. Responsibilities of Entities

Inasmuch as CBUAE is responsible for certain activities, the various participant entities are also required to fulfill certain obligations. These are listed below.

#### 4.3.1. Employers

Employers shall

- a) Install systems and/or services from 3<sup>rd</sup> parties to produce the salary file in the mandated format as described in **Section 6**.
- b) Employ the services of their bank to facilitate the transfer of the salary file to the WPS at CBUAE. **Kindly note that the funding of the salaries must only by way of providing the salary file through any bank where the account is held.**
- c) One or more banks can be employed to fulfill the salary funding obligation for any month.
- d) Charges imposed by Banks & Agents cannot be deducted from the wages/salaries of the employees.
- e) All employees must be paid in the National currency (Arab Emirate Dirham) through one of the agents of the WPS in the country.

## 5. En-route to participating in the WPS

As an organization, registered with the MOL, you are mandated to pay salaries/wages to your employees through the WPS. This section lists the tasks associated with the various phases of participating in the WPS.

### 5.1. Do you need to participate in the WPS

The answer to this lies in your records. Check to see if as an organization you are registered with the MOL. If the answer is a resounding YES, then you will need to participate in the WPS.

### 5.2. In preparation to participate in the WPS

- ✚ Identify a team leader from your HR department who will plan and execute the necessary tasks to set your organization on the right track to actively participate in the WPS.
- ✚ Employees in your organization may fall under the following two categories banked & un-banked. An employee who does not have an account in a BANK is referred to as un-banked.
- ✚ Identify and record your ESTABLISHMENT ID as provided for your organization by the MOL. This unique identifier will be required at every step of the way to actively participate in the WPS. The ESTABLISHMENT ID is number and in the WPS this is always referenced as a 13 digit number. If your establishment id is “445776” then in the WPS this is always referenced as “0000000445776”.
- ✚ Contact MOL and obtain the latest list of employees along with the PERSON ID for each of your employees. The PERSON ID is the 14 digit number that appears in the labor card. MOL is geared to provide this information on request.
- ✚ Update your HR & PAYROLL systems (if required) to store the PERSON ID for each employee. This unique identifier for each and every employee in the country will be required at every step of the way to actively participate in the WPS.
- ✚ As an organization decide how the salary is going to be disbursed for your un-banked employees. You may choose to enter into an agreement with one or more of the certified agents for providing the disbursement services to your un-banked employees. Availing additional services from the agents is outside the purview of the WPS. It is recommended that all your un-banked employees are serviced by one single agent to start with. Over time, you may opt to have the employee choose the agent that best suits their needs.

## Wages Protection System (WPS) Companies Responsibility Guide

Document Code: WPS-CRG01

- ✚ For all the banked employees in your organization, collect the following information from the employees. The employees might have to contact their banks to solicit and obtain the correct information.
  - Routing Code → This is a 9 digit number which uniquely identifies the AGENT-BANK-BRANCH where the employees account is held
  - Account Number → This is the account number of the employee as held in the books of the agent bank.
- ✚ For all the un-banked,
  - You will provide the AGENT
    - The list of employees along with their PERSON ID & NAME
  - The agent will provide
    - Routing Code → This is a 9 digit number which uniquely identifies the AGENT where the employees will be serviced
    - Account Number → This is the account number of the employee as held in the books of the agent.
- ✚ Once the information has been collected, update your HR & PAYROLL systems (if required) to store the collected information for each employee. This will aide in automating your payroll processing to a great extent.
- ✚ Identify your banker. In the WPS, the monies to be used to pay salaries MUST be transferred electronically. You may choose to fund the salaries through one or more of your bankers. Irrespective of the bank chosen to fulfill your needs, it is mandatory that you maintain an account with the bank and have sufficient funds to cover the salary processing.
- ✚ Your banker will solicit the following information from you
  - Your ESTABLISHMENT ID
  - List of all employees with their Name & PERSON ID
- ✚ In return your banker will provide their ROUTING CODE.

### 5.3. Information processing

Companies will be guided solely by the deadlines mandated by the MOL in processing salaries/wages for their employees on a pre-determined frequency. When preparing to process the salaries and meet the deadlines, it is important to take into consideration the following:

## Wages Protection System (WPS) Companies Responsibility Guide

Document Code: WPS-CRG01

- ✚ Service levels established with your bankers for processing the salary file provided to them for onward transfer to the WPS. Though your bankers(s) are bound service levels with the CBUAE, you may opt to alter them based on your individual needs.
- ✚ Service levels established with your agent for processing the salaries. Though your agents(s) are bound service levels with the CBUAE, you may opt to alter them to suit the needs of your employees.
- ✚ It is important to note that your banker may not forward the information provided by you to the WPS for one or more reasons listed below but not limited to
  - Information related issues such as file naming issues, file format issues, etc.,
  - Financial issues such as insufficient funds to cover the information provided, etc.,
  - Procedural issues such as lack of a debit authority, invalid or absence of proper signatures in the debit authority, etc.,

### *5.4. Fees, Penalties & Charges in the WPS*

Although subject to review and revision, the fees & charges as may be applicable have been discussed in this section.

- ✚ All fees, penalties & charges as applicable for participating in the WPS from an MOL perspective will be advised by the MOL. At the time of preparing this document there were no charges to be levied by MOL on companies for participating in the WPS.
- ✚ CBUAE may provide the schedule of applicable charges for the banks and/or agents pertaining to the WPS.
- ✚ Your banker may charge you for providing the service of processing the information provided by you with respect to the WPS. The charges for your organization can be negotiated and mutually agreed upon.
- ✚ Likewise your agent for the un-banked may charge you for providing the service of disbursing the salaries/wages.
- ✚ For the banked sector where the salaries/wages will be credited into normal current/savings accounts, there will no charges/fees applicable.
- ✚ For the un-banked sector, if the agent is
  - A bank and your un-banked employees are serviced using a product specifically created to handle payroll then charges as applicable will need to be meted out.

- An exchange house then charges may be applicable.
- A 3<sup>rd</sup> party provider operating in conjunction with a named bank then charges may be applicable.

✚ In all cases the applicable charges must not exceed the limits as indicated in the schedule.

## 5.5. Other FAQ

### 5.5.1. Where can I get my Establishment Id?

The Establishment Id is available in a few documents provided to you by the MOL. The easiest way to get your Establishment Id is depicted below.

### 5.5.2. Where can I get my employees "Personal Id"

The "Personal Id" is the 14 digit number that is imprinted on the face of each and every labor card. This is referred to as the "Personal Number"

### 5.5.3. Whose salary/wage must be paid out using WPS?

All your employees, irrespective of the nationality, MUST be paid out using the WPS.

### 5.5.4. Can salaries be paid in foreign currency?

No, salaries/wages MUST only be paid in the National currency of the UAE and such monies must only be paid out within the geographical boundaries of the UAE. The employees after receiving such salaries can remit the desired funds outside using regulated channels.

#### 5.5.5. *Fixed/Variable Income Components*

*With regards to the "Fixed/Variable Income Components", is there any calculation that WPS system is expected to carry out, totaling the fixed & variable income components and deducting days on leave?*

The split is to facilitate the companies to provide proper information and for MOL to monitor and validate. If the company does not have the capability to split the total wage/salary for the month into the specified components then they can indicate one total value in any of the fields. If and when investigated by the MOL then the burden of proof is with the company to provide the break down of the salary paid.

#### 5.5.6. *What needs to be processed in the WPS*

*Is it necessary to process all the staff benefits other than salary through WPS, or only monthly wages, as in contract will be part of the WPS?*

Monthly wages as per the Labour Contract is sufficient to be processed through WPS. However if others are also done through WPS you have record and so will MOL when they receive the information from us.

#### 5.5.7. *Group companies – Single HR – Single File OK?*

*As a group can we send a single file for payment or separate files will be required for our each company like XX, YY, XZA or SDS.*

It has to be separate files only. From a technical perspective WPS disallows the mixing of employees of one employer with the other. The file itself will get rejected from our side if employees from different employers are mixed up in one file.

#### 5.5.8. *Number of Wage Files*

*How many wages files can be sent in a month for a single company?*

No restriction on the number of files that you can send.

#### 5.5.9. *What identifies the employee in the WPS*

*Which MOL number (on Visa or personal ID) is to be given as information in the file? Also let us know which number is to be given for UAE nationals who are the member of Pension Scheme.*

From a technical perspective, the PERSONAL ID (The 14 digit number on the face of the L/C) is to be used. Any other number will fail validation. For UAE nationals also it will be the same and if at present they don't carry a L/C then they will need to obtain one from MOL.

#### 5.5.10. *How must I pay the End-Of-Service-Benefits (EOSB)*

*Must the EOSB also be paid through the WPS.*

## Wages Protection System (WPS) Companies Responsibility Guide

Document Code: WPS-CRG01

Though the EOSB can be paid through the WPS, it is to be noted that the employee might have availed of several advances by way of car/personal loans and/or card expenses. This would necessitate that as an employer you inform the bank where the salary is/was being transferred by means of a letter and the EOSB be transferred either through the WPS or via alternate channels.

## 6. Technical Specifications

### 6.1. File Formats

#### 6.1.1. General Note

✚ The sequence of the records in the file must be in the same order as indicated in the pictorial left to right.

✚  → Indicates an information record. Each file must contain 1 information record (with the exception of ACK files). There are no restrictions for the number of information records that can be contained in a file. It is recommended that the number of information records in a file be kept at 1000.

✚  → Indicates a mandatory control record. Files transferred to the WPS shall be rejected if the mandatory control records are not present.

#### 6.1.2. Table of Files

No	File Type	From	To	Remarks
01	SIF	BOE	WPS	Provides the salary information for one or more employees of the employer. Successful processing of this file at WPS enables funds to be "DEBITED" from the account of the BOE.
02	RFR	BOE	WPS	Provided by the employer and transferred to WPS by the BOE, this file provides details on the refunds requested by the employer for funds made available to the agents in error or also to request for uncollected funds from the agents.
03	RSU	WPS	BOE	Intended for the employer and made available to the BOE by WPS, the file provides the status update on the refunds requested via the RFR.
04	ACK	WPS	ENTITY	Indicates that the file provided to WPS has been accepted for further processing.
05	NAK	WPS	ENTITY	Indicates that the file provided to WPS has been rejected for one or more errors and will not be

		<b>Wages Protection System (WPS) Companies Responsibility Guide</b> Document Code: WPS-CRG01		 وزارة العمل Ministry of Labour
				processed further. It will be the responsibility of the entity to check the errors, correct them and resubmit the data in a new file.
06	VPF	BOE	WPS	Provides the breakdown on the variable pay as was provided in a SIF. This file originates from the BOE.
07	RTC	WPS	BOE	Provides the returns from the AGT to BOE.

### 6.1.3. Salary Information File (SIF)

- ✚ The SIF must be provided by the employer to their banker.
- ✚ Employers are allowed to process salaries from different banks.
- ✚ Only banks are allowed to transfer the SIF into WPS.
- ✚ Each SIF file must be for one employer only.
- ✚ In the SIF file,
  - Each EDR must be for a unique employee.
  - Not more than one EDR is permitted for each employee in a SIF file.
- ✚ The SIF file must be sent into WPS even in case where the bank is enacting the role of the agent for all the employees.
- ✚ The SIF file when accepted by the WPS will invoke the posting of “DEBITS” to the account of the bank that sent in the file to WPS.

#### 6.1.4. Request For Refund File (RFR)

The RFR must be provided by the employer to their banker.

Employers are allowed to process refund requests from banks different from the one that processed the SIF file.

Only banks are allowed to transfer the RFR into WPS.

There are no financial accounting entry implications resulting from the processing of a RFR file.

#### 6.1.5. Refund Status Update (RSU)

- ✚ The RSU file is generated by the WPS based on the RRR file received from an agent or their banker.
- ✚ The RSU will be made available to the bank that sent in the RFR corresponding to this RSU.
- ✚ The RSU file when generated by the WPS will invoke the posting of “CREDITS” to the account of the bank favoring the employer.

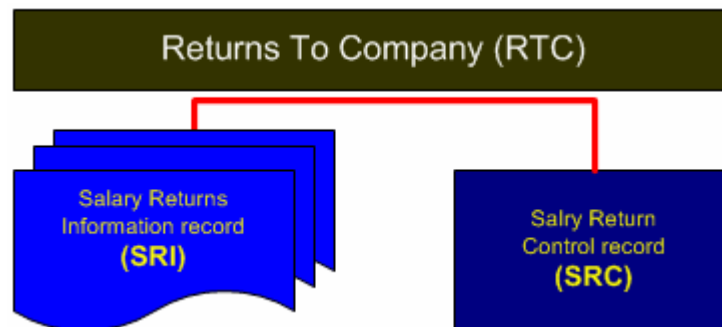

### 6.1.6. Variable Pay File (VPF)

The VPF file is an optional file that can be provided by the employers to intimate additional details on the variable pay provided in the SIF file.

There are no financial accounting entry implications resulting from the processing of a VPF file.

### 6.1.7. Returns To Companies (RTC)

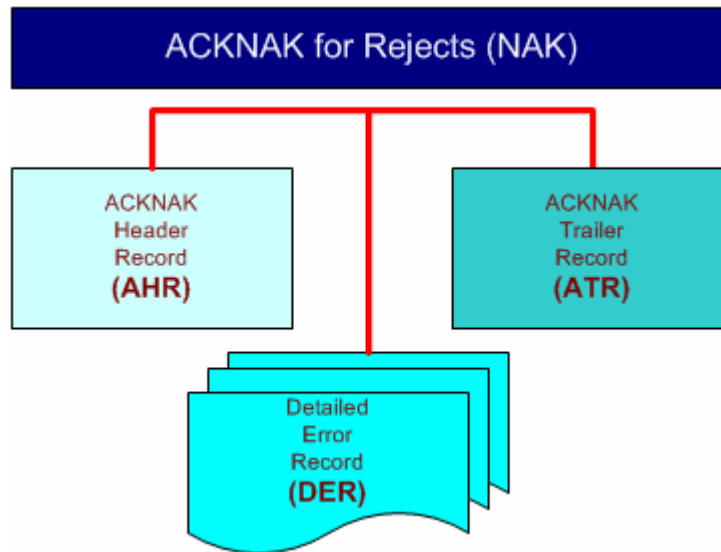

- ✚ The RTC file is generated by the WPS based on the RFA file received from an agent or their banker.
- ✚ The RTC will be made available to the bank(s) that sent in the SIF based on the details provided in the RFA.
- ✚ The RTC file when generated by the WPS will invoke the posting of "CREDITS" to the account of the bank favoring the employer.

### 6.1.8. Accepted File Acknowledgment (ACK)

### 6.1.9. Rejected File Acknowledgment (NAK)

### 6.2. WPS File ID

In the following section it may be noticed that files that are generated from the system have a file id as part of the name of the file. This file id is a unique identifier generated and affixed to the file name to enable tracking and/or reporting needs.

The WPS File ID is made up of 3 parts as depicted below:

1	2	3	4	5	6	7	8	9	0	1	2
N	Y	Y	F	F	F	F	F	F	F	F	F
N			The file type identifier								
YY		The year									
FFFFFFFFF An internal sequence number generated unique to the file											

### 6.3. File Naming Convention

#### 6.3.1. SIF files from Bank of Employer (BOE)

The SIF file originates from the employer. This file shall be named using the following convention.

<b>Prefix</b>	<b>EEEEEEEEEEEEEEEEYYMMDDHHMSS</b> <b>EEEEEEEEEEEEEEEE</b> : Employer Unique ID <b>YYMMDD</b> : File Creation Date <b>HHMSS</b> : File Creation Time
<b>Extension</b>	<b>.SIF</b>

### 6.3.2. ACK files for SIF from BOE

The ACK file is generated by WPS and shall be named using the following convention.

<b>Prefix</b>	<p>EEEEEEEEEEEEEEEEYYMMDDHHMSSNYYFFFFFFF</p> <p>EEEEEEEEEEEEEEEEYYMMDDHHMSS : The Original SIF File Prefix as sent in by BOE.</p> <p>NYYFFFFFFF : WPS FileID &amp; Reference</p>
<b>Extension</b>	.ACK

### 6.3.3. NAK files for SIF from BOE

The NAK file is generated by WPS and shall be named using the following convention.

<b>Prefix</b>	<p>EEEEEEEEEEEEEEEEYYMMDDHHMSSNYYFFFFFFF</p> <p>EEEEEEEEEEEEEEEEYYMMDDHHMSS : The Original SIF File Prefix as sent in by BOE.</p> <p>NYYFFFFFFF : WPS FileID &amp; Reference</p>
<b>Extension</b>	.NAK

### 6.3.4. RFR files from Bank of Employer (BOE)

The RFR file originates from the employer. This file shall be named using the following convention.

<b>Prefix</b>	<p>EEEEEEEEEEEEEEEEYYMMDDHHMSS</p> <p>EEEEEEEEEEEE : Employer Unique ID</p> <p>YYMMDD : File Creation Date</p> <p>HHMSS : File Creation Time</p>
<b>Extension</b>	.RFR

### 6.3.5. ACK files for BOE

The ACK file is generated by WPS and shall be named using the following convention.

<b>Prefix</b>	<p>EEEEEEEEEEEEEEEEYYMMDDHHMSSNYYFFFFFFF</p> <p>EEEEEEEEEEEEEEEEYYMMDDHHMSS : The Original RFR File Prefix as sent in by BOE.</p> <p>NYYFFFFFFF : WPS FileID &amp;</p>
---------------	--

# Wages Protection System (WPS) Companies Responsibility Guide

Document Code: WPS-CRG01

	<b>Reference</b>
<b>Extension</b>	<b>.ACK</b>

### 6.3.6. NAK files for BOE

The NAK file is generated by WPS and shall be named using the following convention.

<b>Prefix</b>	<p><b>EEEEEEEEEEEEEEEEYYMMDDHHMSSNYYFFFFFFF</b></p> <p><b>EEEEEEEEEEEEEEEEYYMMDDHHMSS</b> : The Original RFR File Prefix as sent in by BOE.</p> <p><b>NYYFFFFFFF</b> : WPS FileID &amp; Reference</p>
<b>Extension</b>	<b>.NAK</b>

### 6.3.7. RSU files for BOE's

The RSU file is generated by WPS for Employers and shall be named using the following convention.

<b>Prefix</b>	<p><b>BBBEEEEEEEEEEEEENYYFFFFFFF</b></p> <p><b>BBB</b> : ID of BOE</p> <p><b>EEEEEEEEEEEEEE</b> : Employer Unique ID</p> <p><b>NYYFFFFFFF</b> : WPS FileID &amp; Reference</p>
<b>Extension</b>	<b>.RSU</b>

### 6.3.8. VPF files from Bank of Employer (BOE)

The VPF file originates from the employer. This file shall be named using the following convention.

<b>Prefix</b>	<p><b>EEEEEEEEEEEEEEEEYYMMDDHHMSS</b></p> <p><b>EEEEEEEEEEEEEE</b> : Employer Unique ID</p> <p><b>YYMMDD</b> : File Creation Date</p> <p><b>HHMSS</b> : File Creation Time</p>
<b>Extension</b>	<b>.VPF</b>

### 6.3.9. ACK files for BOE

The ACK file is generated by WPS and shall be named using the following convention.

<b>Prefix</b>	<b>EEEEEEEEEEEEEEEEYYMMDDHHMSSNYYFFFFFFF</b>
---------------	--

# Wages Protection System (WPS) Companies Responsibility Guide

Document Code: WPS-CRG01

	<p><b>EEEEEEEEEEEEEEEEYYMMDDHHMMSS</b> : The Original VPF File Prefix as sent in by BOE.</p> <p><b>NYYYYYYYYYYYY</b> : WPS FileID &amp; Reference</p>
<b>Extension</b>	<b>.ACK</b>

### 6.3.10. NAK files for BOE

The NAK file is generated by WPS and shall be named using the following convention.

<b>Prefix</b>	<p><b>EEEEEEEEEEEEEEEEYYMMDDHHMMSSNYYYYYYYYYYYY</b></p> <p><b>EEEEEEEEEEEEEEEEYYMMDDHHMMSS</b> : The Original VPF File Prefix as sent in by BOE.</p> <p><b>NYYYYYYYYYYYY</b> : WPS FileID &amp; Reference</p>
<b>Extension</b>	<b>.NAK</b>

### 6.3.11. RTC files for BOE's

The RTC file is generated by WPS for Employers and shall be named using the following convention.

<b>Prefix</b>	<p><b>BBBEEEEEEEEEEEEENYYYYYYYYYYY</b></p> <p><b>BBB</b> : ID of BOE</p> <p><b>EEEEEEEEEEEEEE</b> : Employer Unique ID</p> <p><b>NYYYYYYYYYYYY</b> : WPS FileID &amp; Reference</p>
<b>Extension</b>	<b>.RTC</b>

## 6.4. General note on WPS files

- ✚ Duplicate file names are not allowed
- ✚ One or more "EDR" records are required followed by a "SCR" record in the "SIF" file.
- ✚ One or more "VPD" records are required followed by a "VCR" record in the "VPF" file.
- ✚ One or more "ARI" records are required followed by a "ARC" record in the "RFA" file.
- ✚ Multiple records for the same employee cannot be placed in the same "SIF" file.

## 6.5. Generic Data Types

There is a range of data types that can occur in the various files that will be processed / provided, which, unless otherwise stated are specified to be ASCII characters; these are as follows:

Type	Description	Values and Meaning
A	Alphabetic	The alphabetic characters are the upper case letters A through Z; the lower case letters a through z, and the blank (space) character. When lower case letters are used, they shall be interpreted to have the same meaning as their respective upper case letters, e.g., no distinction shall be made between the upper case letter A and the lower case letter a.
AN	Alphanumeric	Comprise any of the characters specified as type A or Type N.
B	Blank	The blank character is defined in ASCII with the hexadecimal value '20'
N	Numeric	The numeric characters are the numbers zero (0) through nine (9).
D	Date	Format must be YYYY-MM-DD or as stated for the individual filed in the record

## 6.6. Record Formats

### 6.6.1. General note on files

- ✚ All file contents will be ASCII
- ✚ Record formats will be “COMMA SEPARTAED VALUES” (CSV)
- ✚ Each record must be terminated by a CRLF (CarriageReturn & LineFeed)
- ✚ Files that do not comply with the formatting standards as shall be published will be rejected in its entirety.

### 6.6.2. Employee Detail Record (EDR)

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
01	Record Type	3	A	M	Must be EDR
02	Employee Unique ID	14	AN	M	Unique Identifier as provided by MOL. Also referred to as the Person ID. This field will have to be padded with leading zeros if the length is less than the maximum specified length of 14.

# Wages Protection System (WPS) Companies Responsibility Guide

Document Code: WPS-CRG01

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
03	Agent ID	9	N	M	The 9 digit head office routing code as assigned to the AGENT by CBUAE.  Validated against the master database held in WPS
04	Employee Account with Agent	16	AN	M	The employer must provide the account number of the employee as provided by the agent. The field will only be validated for existence of some data. It is the responsibility of the agent to provide the correct account number of each and every employee to the employer. The 16 digits is the MAXIMUM allowed. The data as provided by your employee or Agent for the employees MUST NOT be left padded with zero's.
05	Pay Start Date	10	D	M	Must be of the forma YYYY-MM-DD
06	Pay End Date	10	D	M	Must be of the form YYYY-MM-DD
07	Days in Period	4	N	M	Must be the number of calendar days for which the salary is being paid.
08	Income Fixed Component	15	N	M	Valid amount (e.g., 2345.87 / 23.00 / 22). If no contribution from this component then send 0.00
09	Income Variable Component	15	N	M	Valid amount (e.g., 2345.87 / 23.00 / 22). If no contribution from this component then send 0.00
10	Days on Leave for period	4	N	M	This shall be the number of days that the employee has availed of leave without pay in the pay period. If no leave has been availed off then indicate with zero "0"

### 6.6.3. Salary Control Record (SCR)

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
01	Record Type	3	A	M	Must be SCR
02	Employer Unique Id	13	N	M	The 13 digit unique id for the employer as assigned by MOL. This field will have to be padded with leading zeros if the length is less than the maximum specified length of 13.  Validated against the master database held in WPS
03	Bank Code of the Employer	9	N	M	The 9 digit routing code as assigned to the BANK by CBUAE.  Validated against the master database held in WPS

# Wages Protection System (WPS) Companies Responsibility Guide

Document Code: WPS-CRG01

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
04	File Creation Date	10	D	M	Must be of the form YYYY-MM-DD Shall be validated to be a date that is less than or equal to that of the processing date on WPS
05	File Creation Time	4	N	M	Must be of the form HHMM
06	Salary Month	6	N	M	Must be of the form MMYYYY <b>The actual month for which the salary is being paid. Please note that MOL makes key decisions based on the value provided in this field.</b>
07	EDR Count	10	N	M	Must be the number of EDR records in the file.
08	Total Salary	15	N	M	Valid amount (e.g., 2345.87 / 23.00 / 22). Will be validated to be equal to the sum of all the fixed and variable components indicated in all the EDR records in the file.
09	Payment Currency	3	A	M	Currency is always assumed to be AED
10	Employer Reference	35	AN	O	Documentary Field

#### 6.6.4. reFund Details Record (FDR)

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
01	Record Type	3	A	M	Must be FDR
02	SIF File Name	50	AN	M	The original SIF file name in which the salary information was provided for the specific employee. Separate FDR must be used for each SIF + Employee combination.
03	ACK File Name	50	AN	M	The ACK file name for the SIF file indicated in FDR-02 for this record.
04	Agents Routing Code	9	N	M	The 9 digit routing code as assigned to the AGENT by CBUAE. Validated against the master database held in WPS
05	Employee Unique ID	14	AN	M	Unique Identifier as provided by MOL. Also referred to as the Person ID. This field will have to be padded with leading zeros if the length is less than the maximum specified length of 14.

# Wages Protection System (WPS) Companies Responsibility Guide

Document Code: WPS-CRG01

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
					Validated against the master database held in WPS
06	Refund Amount Requested	15	N	M	Valid amount (e.g., 2345.87 / 23.00 / 22). Shall be equal to or less than the sum of EDR-08 & EDR-09
07	Refund Request Code	3	N	M	A valid refund request code. Refer <a href="#">Section 9</a>
08	Employee Account with Agent	16	AN	M	The employer must provide the account number of the employee as provided by the agent. The field will only be validated for existence of some data. It is the responsibility of the agent to provide the correct account number of each and every employee to the employer.
09	Future Use	1	A	M	Leave blank. A space has to be sent in as the data.
10	Future Use	5	A	M	Must be "EWPMS"

## 6.6.5. reFund Control Record (FCR)

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
01	Record Type	3	A	M	Must be FCR
02	Employer Unique Id	13	N	M	The 13 digit unique id for the employer as assigned by MOL. This field will have to be padded with leading zeros if the length is less than the maximum specified length of 13. Validated against the master database held in WPS
03	Employer Reference	35	AN	O	Documentary Field
04	Bank Code of the Employer	9	N	M	The 9 digit routing code as assigned to the BANK by CBUAE. Validated against the master database held in WPS
05	Account Number of Employer with Bank	20	AN	M	Account number where the monies will need to be credited if the refund request is accepted by the agent. This account number will be used as one of the narratives in the accounting entry that will be posted.
06	Total Refund Claimed	15	N	M	Valid amount (e.g., 2345.87 / 23.00 / 22).

# Wages Protection System (WPS) Companies Responsibility Guide

Document Code: WPS-CRG01

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
07	FDR Count	10	N	M	The total number of FDR in this file.
08	Future Use	1	A	M	Leave blank. A space has to be sent in as the data.
09	Future Use	1	A	M	Leave blank. A space has to be sent in as the data.
10	Future Use	5	A	M	Must be "EWPMS"

## 6.6.6. Refund Request Status record (RRS)

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
01	Record Type	3	A	M	Must be RRS
02	WPS Reference for the Line Item	35	AN	M	Refund request reference number as generated by WPS to uniquely identify this line item. For the BOE (therefore the employer), this reference number can be used to uniquely identify the original RFR item as it provides both the SIF & RFR file ids.
03	Employer Reference	35	AN	O	Documentary Field
04	Employee Unique ID	14	AN	M	Unique Identifier as provided by MOL. Also referred to as the Person ID. This field will have to be padded with leading zeros if the length is less than the maximum specified length of 14.  Validated against the master database held in WPS
05	Refund Amount Requested	15	N	M	Valid amount (e.g., 2345.87 / 23.00 / 22).
06	Refund Status	8	A	M	ACCEPTED / REJECTED
07	Bank Code of the Employer	9	N	M	The 9 digit routing code as assigned to the BANK by CBUAE.  Validated against the master database held in WPS
08	Account Number of Employer with Bank	20	AN	M	Account number where the monies will need to be credited if the refund request is accepted by the agent. This account number will be used as one of the narratives in the accounting entry that will be posted.
09	Reject Reason	3	N	M	One of the valid reject reason code as listed in <a href="#">Section 10</a> . This field will be 000 if RRS Field 06 is

# Wages Protection System (WPS) Companies Responsibility Guide

Document Code: WPS-CRG01

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
	Code				"ACCEPTED"
10	Balance Outstanding with Agent	15	N	M	Valid amount (e.g., 2345.87 / 23.00 / 22 / 0.00).

### 6.6.7. Refund Request status Control record (RRC)

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
01	Record Type	3	A	M	Must be RRC
02	Agents Reference	35	AN	O	Documentary Field
03	WPS Reference for the file	35	AN	M	Refund request reference number as generated by WPS for the original RSU file.
04	Accepted Count	10	N	M	Count of records where RSR-07 is "ACCEPTED"
05	Accepted Amount	15	N	M	Sum total of RSR-06 where RSR-07 is "ACCEPTED"
06	Rejected Count	10	N	M	Count of records where RSR-07 is "REJECTED"
07	Rejected Amount	15	N	M	Sum total of RSR-06 where RSR-07 is "REJECTED"
08	Agents Routing Code	9	N	M	The 9 digit routing code as assigned to the AGENT by CBUAE. Validated against the master database held in WPS
09	Future Use	1	A	M	Leave blank. A space has to be sent in as the data.
10	Future Use	5	A	M	Must be "EWPMS"

### 6.6.8. Variable Pay Details (VPD)

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
01	Record Type	3	A	M	Must be VPD
02	WPS SIF	50	AN	M	The file id assigned and communicated to the

# Wages Protection System (WPS) Companies Responsibility Guide

Document Code: WPS-CRG01

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
	File Id				employer's bank in the ACK file name for the SIF file provided. The agents can use this to identify the PIF file.
03	Employee Unique ID	14	AN	M	Unique Identifier as provided by MOL. Also referred to as the Person ID. This field will have to be padded with leading zeros if the length is less than the maximum specified length of 14.
04	Agent ID	9	N	M	The 9 digit head office routing code as assigned to the AGENT by CBUAE.  Validated against the master database held in WPS
05	Variable Pay Code	3	N	M	A valid variable pay code. For additions use the code as indicated in section 12. For deductions add 500 to the code. Enter 000 if none
06	Amount	15	N	M	Valid amount (e.g., 2345.87 / 23.00 / 22). If no contribution from this component then send 0.00 and enter 000 in VPD-05
07	Variable Pay Code	3	N	M	A valid variable pay code. For additions use the code as indicated in section 12. For deductions add 500 to the code. Enter 000 if none
08	Amount	15	N	M	Valid amount (e.g., 2345.87 / 23.00 / 22). If no contribution from this component then send 0.00 and enter 000 in VPD-07
09	Variable Pay Code	3	N	M	A valid variable pay code. For additions use the code as indicated in section 12. For deductions add 500 to the code. Enter 000 if none
10	Amount	15	N	M	Valid amount (e.g., 2345.87 / 23.00 / 22). If no contribution from this component then send 0.00 and enter 000 in VPD-09

### 6.6.9. Variable Pay Control record (VPC)

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
01	Record Type	3	A	M	Must be VPC
02	Employer Unique Id	13	N	M	The 13 digit unique id for the employer as assigned by MOL. This field will have to be padded with leading zeros if the length is less than the maximum specified length of 13.  Validated against the master database held in WPS
03	Bank	9	N	M	The 9 digit routing code as assigned to the BANK by

# Wages Protection System (WPS) Companies Responsibility Guide

Document Code: WPS-CRG01

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
	Code of the Employer				CBUAE. Validated against the master database held in WPS
04	File Creation Date	10	D	M	Must be of the form YYYY-MM-DD Shall be validated to be a date that is less than or equal to that of the processing date on WPS
05	File Creation Time	4	N	M	Must be of the form HHMM
06	Salary Month	6	N	M	Must be of the form MMYYYY Shall be validated to be a month + year that is either equal to or 1 more than the that of the processing month + year on WPS
07	VPD Count	10	N	M	Must be the number of VPD records in the file.
08	VPD Amount	1	N	M	Sum total of all VPD-06, VPD-08 & VPD-10
09	Future Use	1	A	M	Leave blank. A space has to be sent in as the data.
10	Future Use	5	A	M	Must be "EWPMS"

## 6.6.10. Salary Returns Information record (SRI)

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
01	Record Type	3	A	M	Must be SRI
02	SIF WPS Reference	35	AN	M	Reference number as generated by WPS to uniquely identify the original file in which this salary/payment record was provided to the agents. For the BOE (therefore the employer), this reference number can be used to uniquely identify the original SIFfile.
03	Employer Unique Id	13	N	M	The 13 digit unique id for the employer as assigned by MOL. This field will have to be padded with leading zeros if the length is less than the maximum specified length of 13. Validated against the master database held in WPS
04	Employee Unique ID	14	AN	M	Unique Identifier as provided by MOL. Also referred to as the Person ID. This field will have to be padded with leading zeros if the length is less than the maximum specified length of 14.

# Wages Protection System (WPS) Companies Responsibility Guide

Document Code: WPS-CRG01

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
					Validated against the master database held in WPS
05	Amount Returned	15	N	M	Valid amount (e.g., 2345.87 / 23.00 / 22).
06	Return Reason Code	3	N	M	One of the valid reject reason code as listed in <b>Section 13</b> .
07	Bank of Employer Routing Code	9	N	M	The 9 digit routing code as assigned to the BANK by CBUAE. Validated against the master database held in WPS
08	Employer Reference	35	AN	O	Documentary Field
09	Future Use	1	A	M	Leave blank. A space has to be sent in as the data.
10	Future Use	5	A	M	Must be "EWPMs"

## 6.6.11. Salary Returns Control record (SRC)

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
01	Record Type	3	A	M	Must be SRC
02	Agents Reference	35	AN	O	Documentary Field
03	WPS Reference for the file	35	AN	M	Reference number as generated by WPS for the original RFA file.
04	SRI Count	10	N	M	Count of SRI records.
05	Returned Amount	15	N	M	Sum total of RTC-05.
06	Agents Routing Code	9	N	M	The 9 digit routing code as assigned to the AGENT by CBUAE. Validated against the master database held in WPS
07	Future Use	1	A	M	Leave blank. A space has to be sent in as the data.
08	Future Use	1	A	M	Leave blank. A space has to be sent in as the data.

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
09	Future Use	1	A	M	Leave blank. A space has to be sent in as the data.
10	Future Use	5	A	M	Must be "EWPMS"

## 6.6.12. Acknowledgement Header Record (AHR)

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
01	Record Type	3	A	M	Must be AHR
02	Accepted/Rejected	8	A	M	Shall be "ACCEPTED" or "REJECTED"
03	Processed File Name	50	AN	M	The processed file name Could be a SIF, PRC, DIF, RFR, RRR, EIF or WIF

## 6.6.13. Detailed Error Record (DER)

Valid only if the AHR Field 2 is "REJECTED"

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
01	Record Type	3	A	M	Must be DER
02	Line Number	10	N	M	Indicates the line number in the original file that was processed
03	Error Number	5	AN	M	Indicates the error code
04	Error Description	200	AN	M	A short description of the error code

## 6.6.14. Acknowledgement Trailer Record (ATR)

ID	Field Label	Max Size	Type	Use	Mandated contents / Remarks
01	Record Type	3	A	M	Must be ATR
02	Accepted/Rejected	8	A	M	Shall be "ACCEPTED" or "REJECTED"
03	Number of Lines	10	N	M	Indicates the number of lines in the file including this trailer record.

## 7. Error Codes & Description in NAK files

The codes as indicated are valid as at the time of publishing this document. Additions/Deletions are possible and will be made available to Banks, Exchange Houses and 3<sup>rd</sup> Party Service Providers from time to time. Updating this and/or other related documents is at the sole discretion of the CBUAE.

Code	Error Description
00000	Exception occurred while execution.
00001	Invalid File Format.
00002	Invalid File Extension.
00003	Invalid File Naming Convention.
00004	Data integrity violation, transactions rolled back.
00005	FILE <FILE> not found.
00006	File name <FILENAME> is duplicate
00007	Invalid amount field.
00008	Invalid Date Format. It should be YYYY-MM-DD.
00009	Invalid numeric. This field should be a numeric.
00501	Total of (EIR) count not equal to Total of (ECR) count.
00502	Total (EIR) count with Mode D not equal to deletions count in ECR.
00503	Total (EIR) count with Mode M not equal to modification count in ECR.
00504	Total (EIR) count with Mode A and Status Y not equal to addition count in ECR.
00505	<<NUM>> Duplicate records found with same Employer id <<VALUE>> and mode <<MODE>>.
00506	Employer ID <<VALUE>> is invalid and it must be a valid 13 digit number.
